

LABELMATE

MC-10A & MC-11 "MINI-CAT" ECONOMY LABEL REWINDERS

The popular MINI-CAT Label Rewinders are the world's lowest-price Label Rewinders. They are capable of rewinding label rolls up to 4½ -inches wide, up to 8-inches in diameter at speeds up to 10-ips (inches per second). The MINI-CATs can also be used as Label Unwinders.

The MINI-CAT-10A (MC-10A) includes a 3-inch diameter core holder or you can use the included "coreless rewind" feature to rewind directly on-shaft.

Price: \$395.00

MC-10A (above): Rewind directly "on-shaft" without a label core, or you can use the included 3-inch core holder!

The MINI-CAT-11 (MC-11) has a precision-crafted Adjustable Core Holder that adjusts in seconds to accept any core diameter from 1-inch to 4-inches (25- to 102-mm). You can also do coreless rewinding on the MC-11. **Price: \$495.00**

Both MINI-CATs use LABELMATE's proprietary Constant Adjustable Torque™ ("CAT") technology to achieve impressive, reliable performance at an unprecedented low price. A special motor, designed specifically for the MINI-CATs, offers bi-directional operation and trouble-free performance. A switch conveniently controls the amount of rewind force. No awkward tensioning arms, troublesome belts, or clutches are used and no speed adjustments are required. Your MINI-CAT automatically adjusts to any printer speed up to 10-ips and even automatically allows label back-feeding if your printer requires it.

MC-11 (below): Rewind on any diameter core from 1 inch to 4 inches in diameter.

Both MINI-CATs have an inner label flange to keep the edge of the label web aligned as the labels are being rewound. Also available is an optional Adjustable Paper Guide (Model APG-1) that mounts directly to the MINI-CAT base plate and guides the outer edge of the labels. **Price: \$45.00.**

Rugged steel construction allows your MINI-CAT to simply be set in place near your label printer. Special anti-slip feet prevent the unit from moving. Put a LABELMATE MINI-CAT to work for you today and enjoy a new dimension in label rewinding & unwinding convenience and reliability.
